Excellence Driving the Future

www.technenergy.com

Know us

At Techinergy, excellence drives everything we do. Guided by a highly experienced, diverse, and close-knit leadership team, we embody a pioneering spirit with a rich history spanning over a decade.

From modest origins in the multicommodity business, we have successfully diversified into the Petrochemical Industry, Oil & Gas sectors, Bio-Fuels and Shipping & Logistics. Our commitment to environmental management and sustainable energy practices reflects our responsibility to operate in an eco-friendly manner.

Today, Techinergy boasts a formidable customer base and has made a significant impact in both domestic and international markets.

| Know us

Excellence Driving the Future

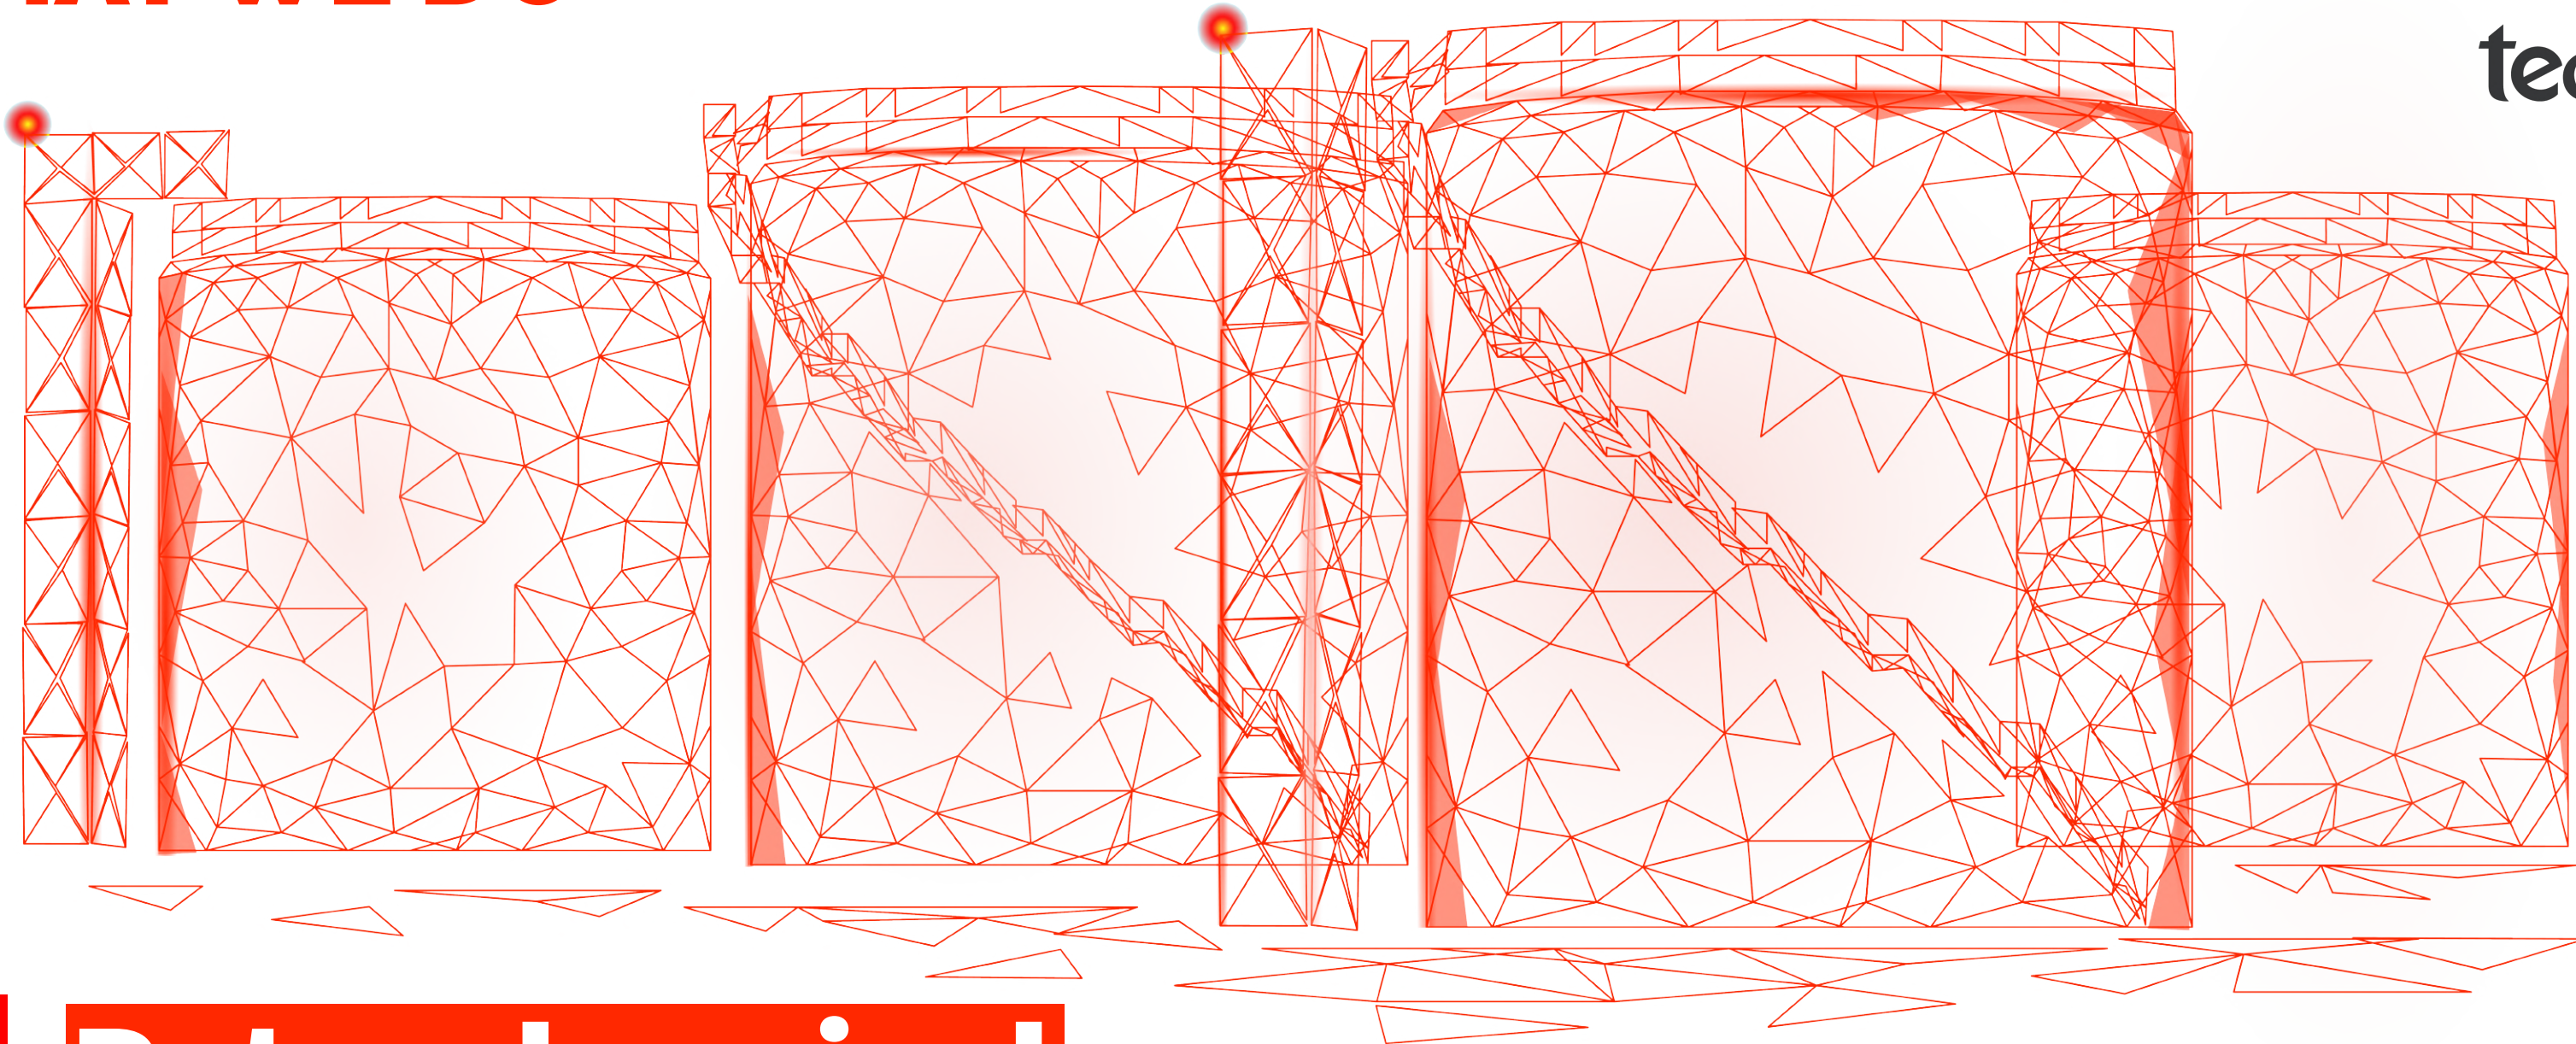

Our Vision

To be the most trusted global leader in sustainable energy delivering innovative solutions through advanced technology

Our Mission

To deliver exceptional, eco-friendly solutions at competitive costs driven by reliability, innovation, and excellence. We are committed to building lasting partnerships, creating value for stakeholders and advancing environmental sustainability across our operations

WHAT WE DO

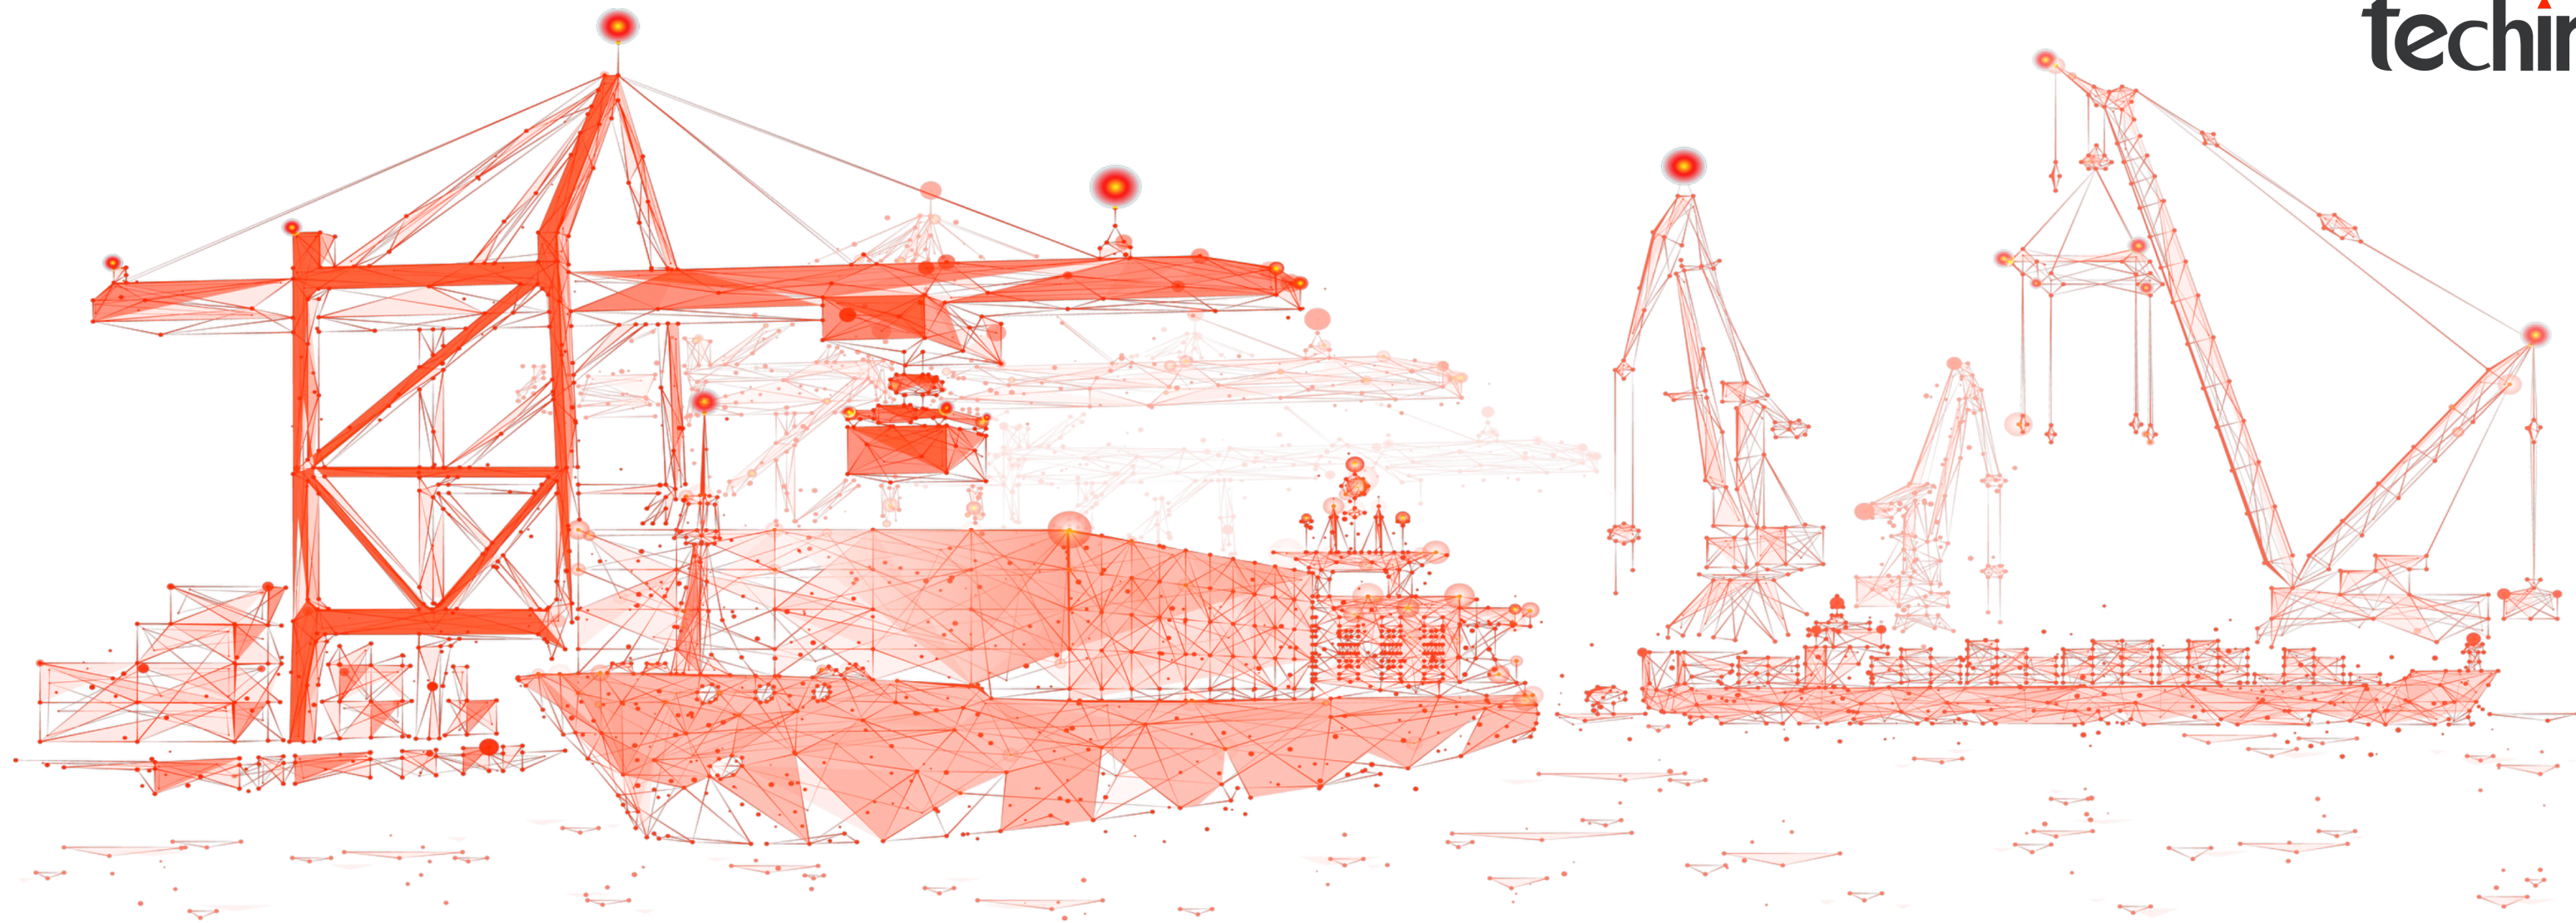

Petrochemical

Techinergy's Petrochemicals division capitalizes on our robust distribution network and global market presence

We prioritize transparency and integrity, ensuring that we meet our customers' evolving needs effectively

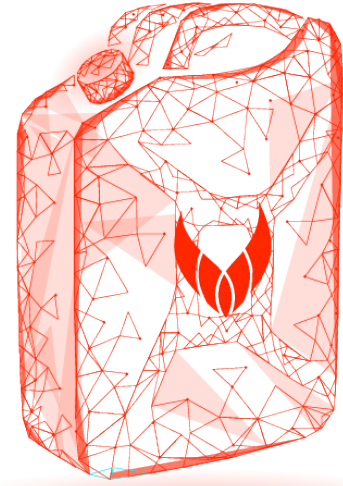

What We DO

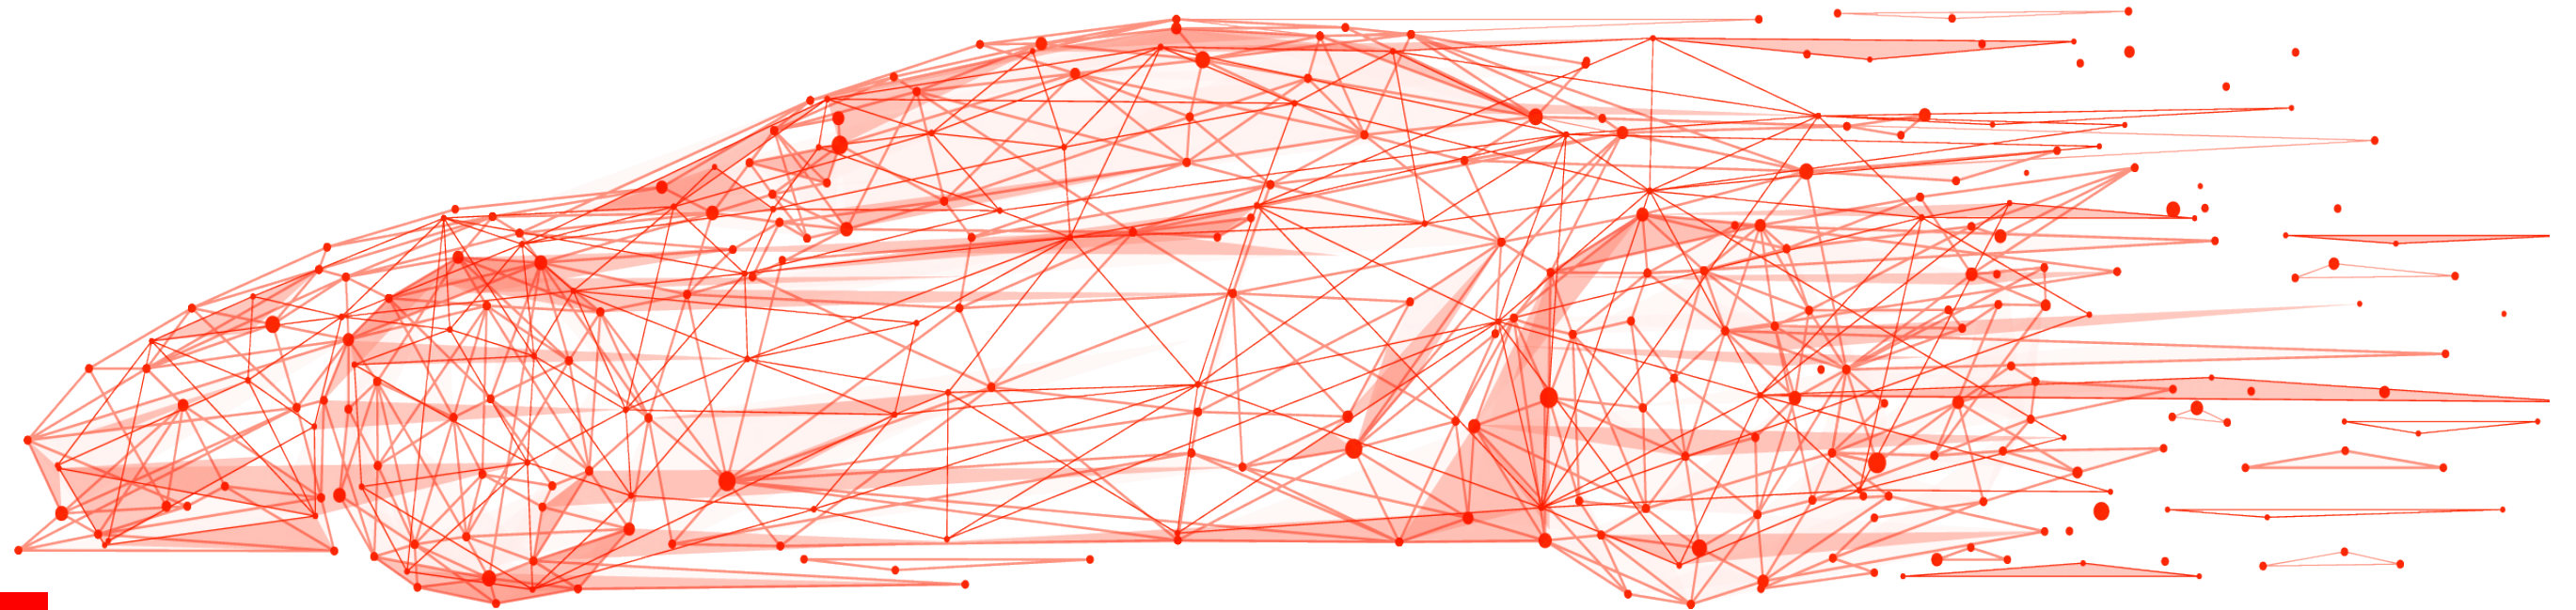

Logistics & Shipping

We facilitate international trade through swift and reliable delivery services backed by a network of trusted partners. Our logistics solutions extend from India to global markets, ensuring seamless transportation of petroleum products

What we do

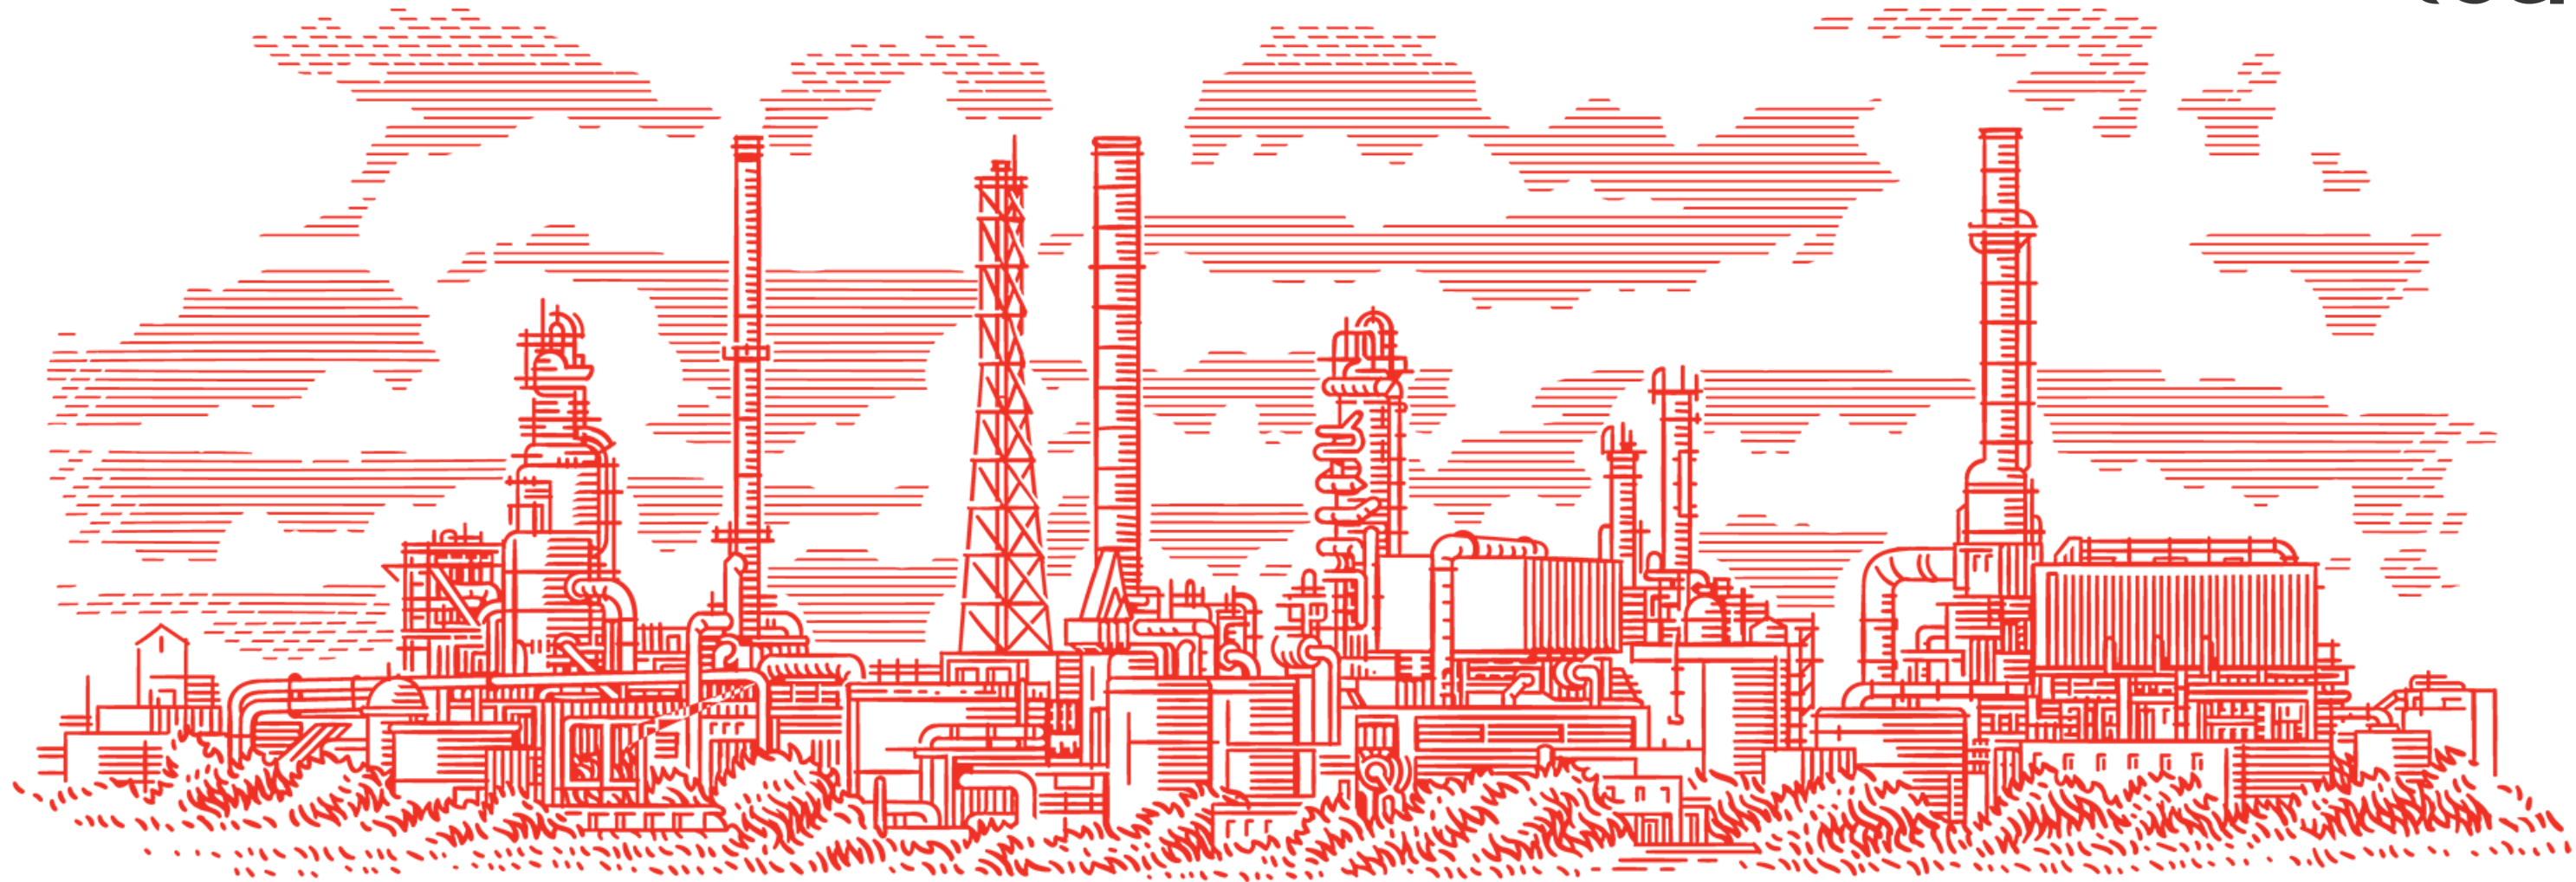

THE WINNING FORMULA

Lubricants

Our premium brand, 'LUBISLE,' offers meticulously engineered lubricants that provide exceptional engine protection. We are committed to meeting the growing demand for high-quality lubricants in various industries

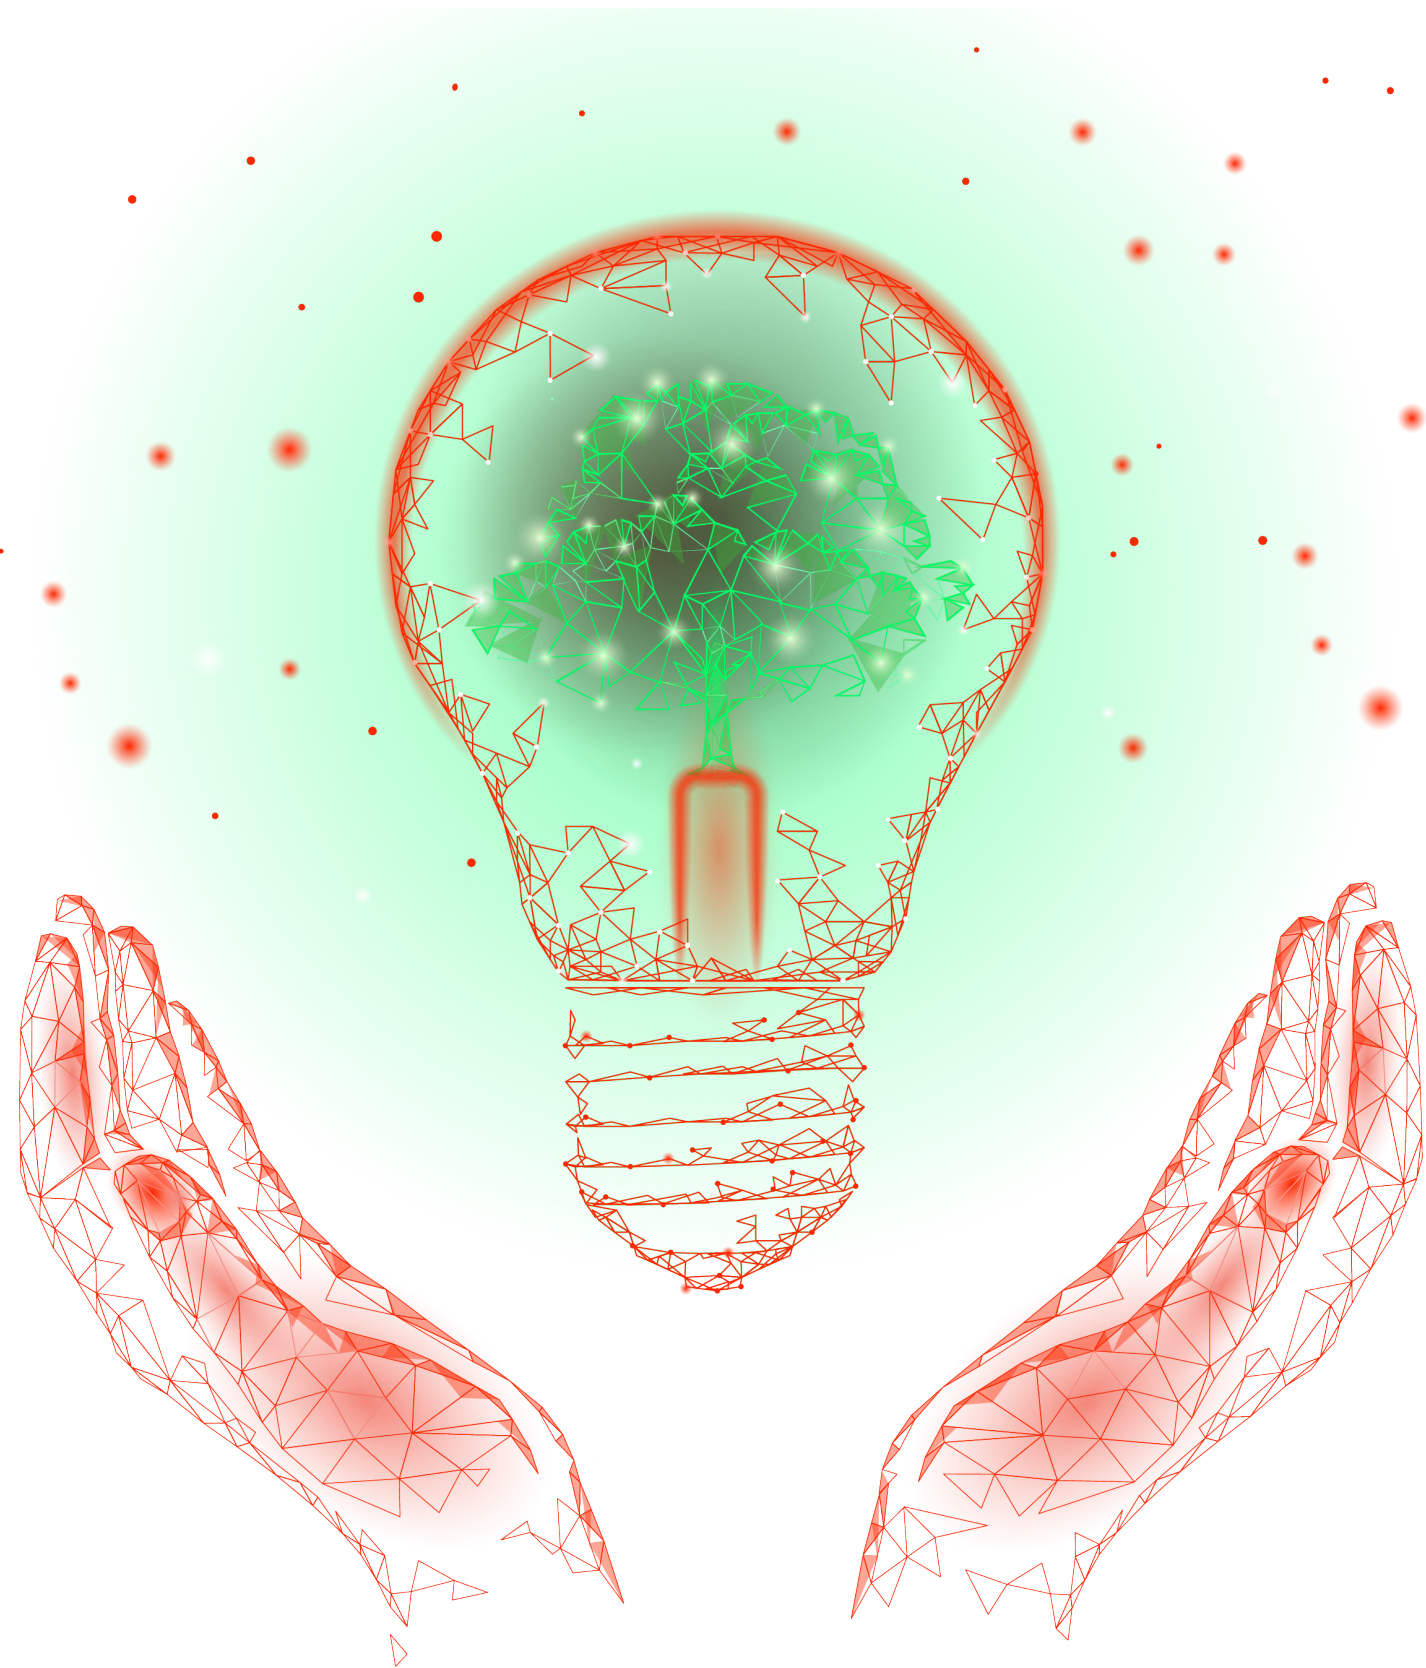

What we do

Bio-Fuels

We produce environmentally friendly bio-fuels that serve as sustainable alternatives to traditional petroleum-based fuels. Our innovative processes contribute to a cleaner energy landscape

What we do

Environmental Management

We specialize in comprehensive environmental management tailored to the petroleum industry, focusing on wastewater management, flue gas treatment and waste segregation

|What we do

techinergy®

Lab Analysis

Our state-of-the-art laboratory conducts rigorous analyses of petroleum-derived products ensuring the highest standards of quality and performance

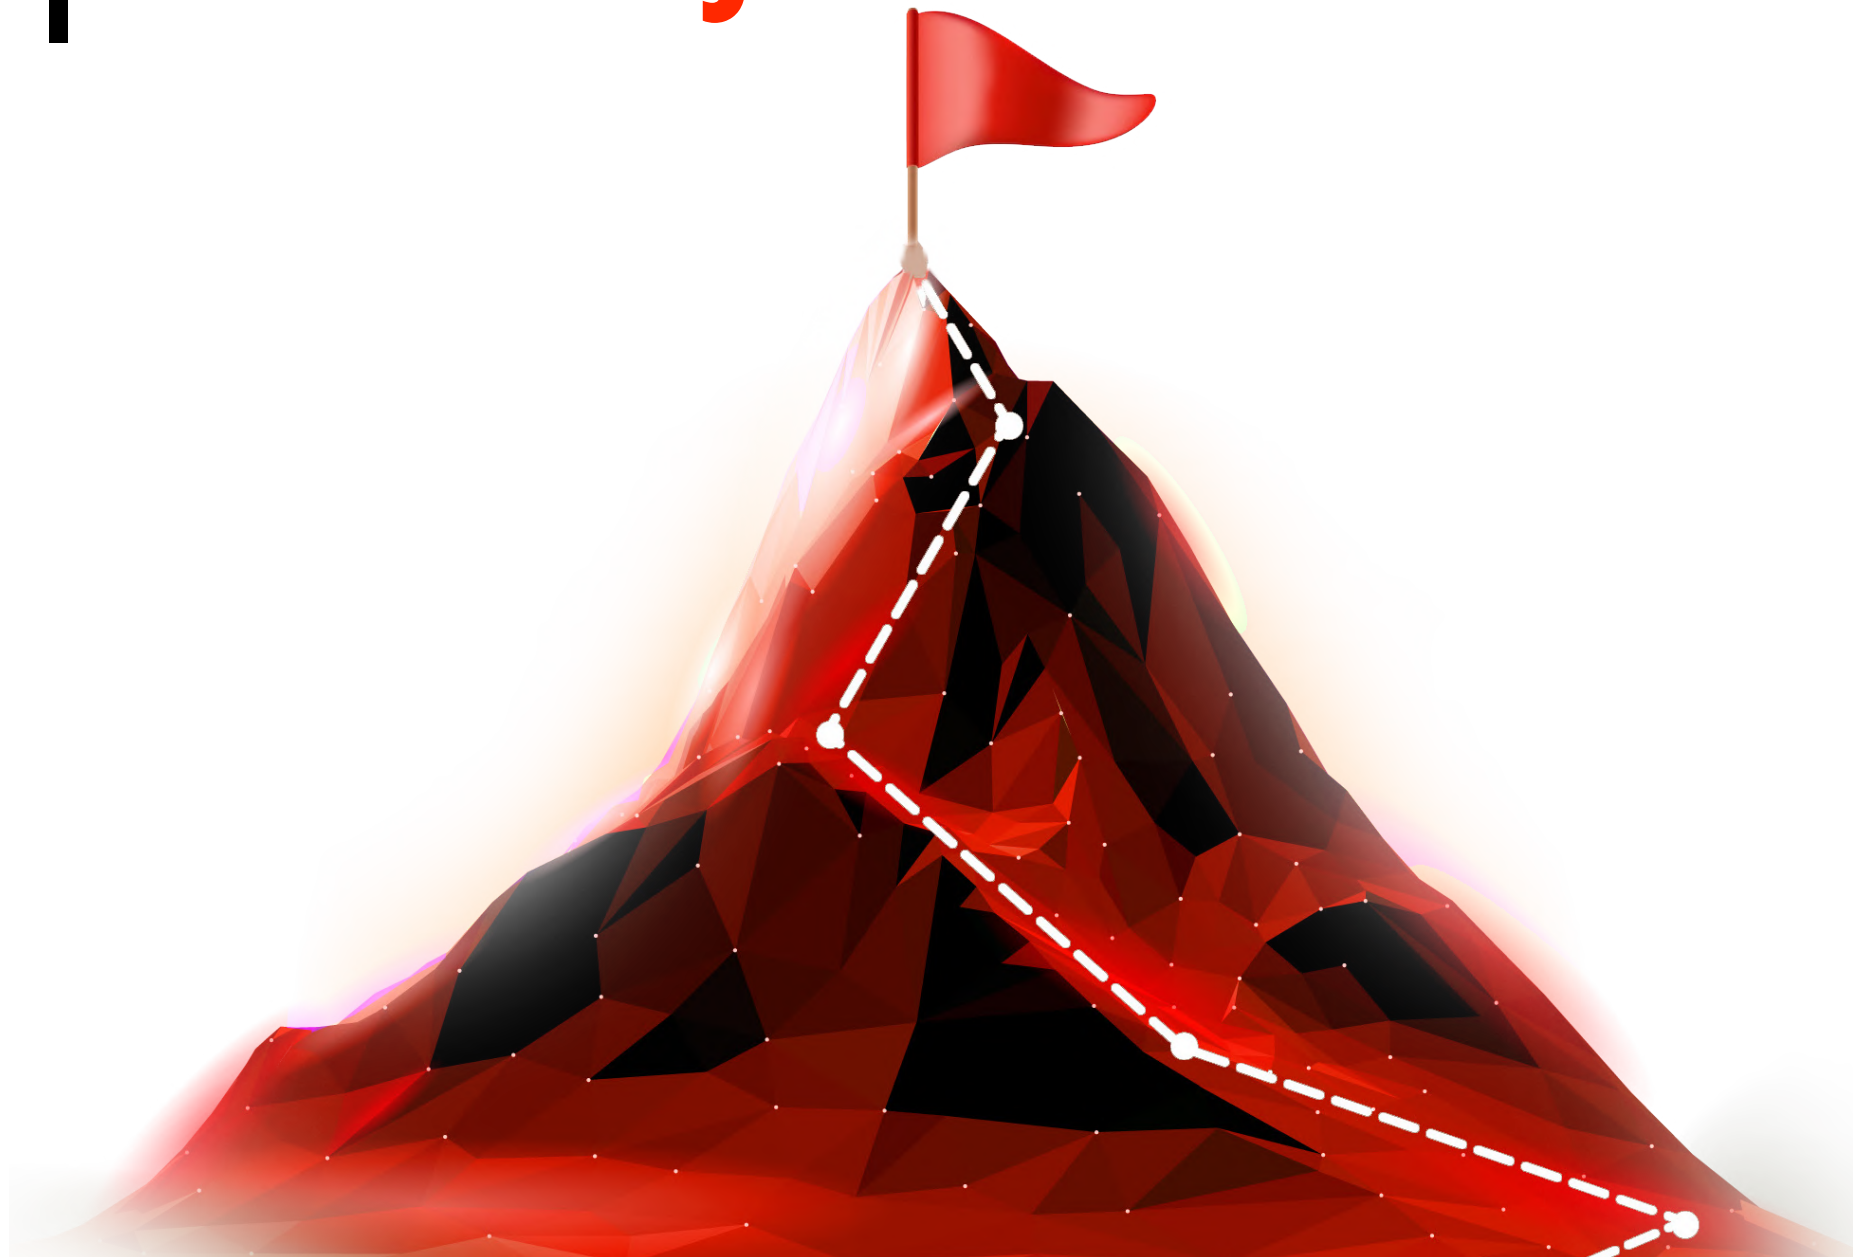

techinergy

Why us

At Techinergy, we observe, analyze, learn, think, and implement to cultivate long-term loyalty and admiration from our clients. Our commitment to excellence and continuous improvement drives our business practices

Our History

Our Values

- Collaboration:** Working together towards common goals
- Liaison:** Fostering cooperation within the energy value chain
- Integrity:** Upholding honesty and strong moral principles
- Excellence:** Striving for outstanding results
- Nurturing:** Supporting mutual growth and success
- Teamwork:** Prioritizing collective efficiency over individual prominence

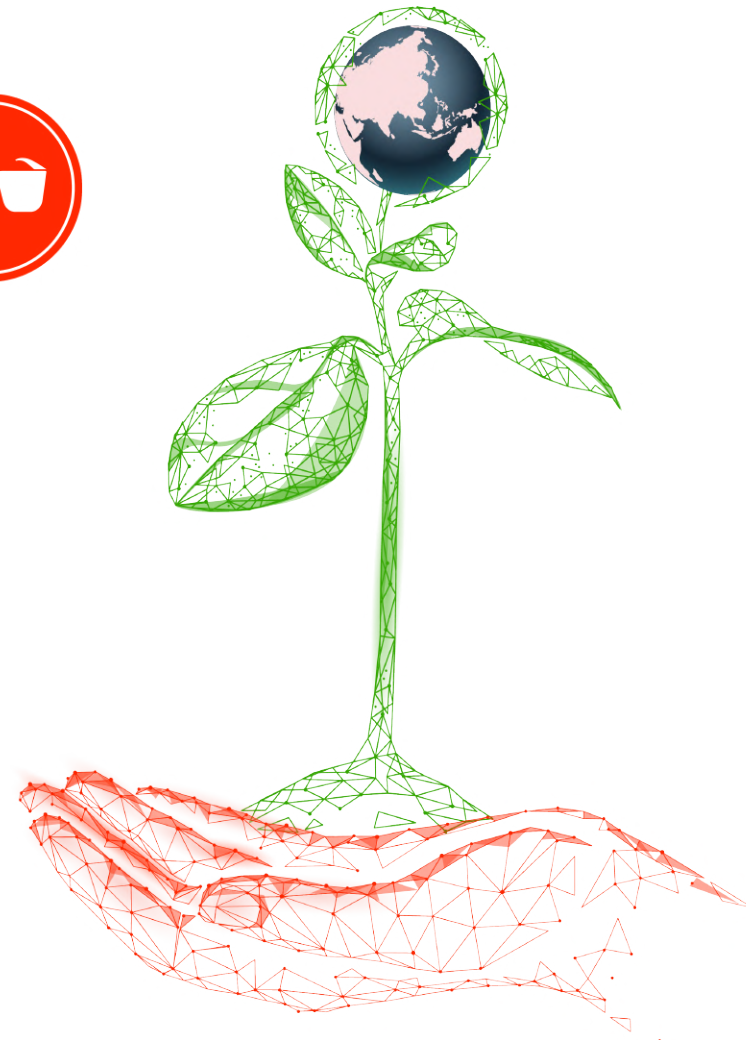

Techinergy has established itself as a prominent player in the downstream petrochemical industry, specializing in delivering innovative solutions while ensuring a global presence

Sustainability

Safety & Health

We uphold the highest standards for secure working conditions and health & safety

Committed to a Greener Future

Techinergy is dedicated to conducting our business in an ethical, safe, and environmentally sustainable manner. Our commitment includes advanced recycling techniques to minimize our ecological footprint

Corporate Social Responsibility

We empower communities and drive change through ethical practices
